

KEEP GROWING DETROIT'S 2020 GROWN TO ORDER TRANSPLANT SALE

KGD is happy to be offering three rounds of Grown To Order transplants in 2020! If you're looking to expand your garden, consider purchasing an extra flat or two. If you decide to place an order, please consider the following:

- Grown To Order transplants are grown with sustainable practices at the KGD Farm
- You must be a GRP member or Partner in Food Sovereignty with Keep Growing Detroit to place an order.
- Payment is due when your order is placed. Once we receive your order with payment, you cannot cancel it.
- We do not offer half flats or flats with multiple crops.
- Flats contain either 50 or 72 seedlings (your choice!). 50-cell flats will have larger plants than the 72-cell flats.
- We accept Grower Supplied Seed for transplant production. Seeds must be delivered to the KGD office at or before the order deadline for each round of transplants.
